B.B. Davidson Resigns As Power Plant Head

Mr. B. Davidson, superintendent
of the Vermilion electric light,
heat, and power plant has resigned to
accept a position on the municipally
owned plant at Lethbridge. Mr. Davidson's
departure will be regretted
greatly not only from the standpoint
of his efficiency as the plant super-
intendent but as a citizen of the town
as well. The new position is a dis-
tinct promotion.

VERMILION FAIR ENTRIES FROM 15 TO 40 P.C. HIGHER

Entries in the various classes at the

TWO AXIS POWERS**

Johnston was born and educated in Scotland and came to Canada in 1904. After four years' overseas he joined the staff of the settlement board in July, 1919. He was appointed assistant director of the board in 1922 and transferred to his present office in 1927. Since 1922 and he became associated with the Mutual Mortgage Bank, he served as superintendent for the soldier settlement board in Regina. Education

WEDDING BELLS
 At First Baptist church on Saturday morning, Rev. David Young, minister of the church, solemnized the marriage of Miss Mary M. McWilliams, daughter of Mr. and Mrs. J. W. McWilliams, to Mr. J. W. McWilliams, son of Mr. and Mrs. George H. McWilliams. The bride was given away by her brother, Mr. J. W. McWilliams, a wedding gown, of white crepe, made to Elizabethan style, her hair being styled in a coronet of white tulle. She carried cream roses and lilies of the valley. The bridesmaid, Miss Mary M. McWilliams, wore a pale pink crepe, with hat to match, and carried lilies of the valley. The groom wore a tuxedo, and carried a sword. The ceremony was performed by Rev. David Young. The reception was held at the home of the bride's parents, Mr. and Mrs. J. W. McWilliams. The bride and groom were accompanied by their parents and bridesmaids. The wedding was a most successful one.

W. M. A. H. SOLE RALLY:
 50 DELEGATES PRESENT
 The annual fall rally of the Women's Missionary Association (W.M.A.) was held at the home of Mrs. J. W. McWilliams on Saturday evening, October 14th. Fifty delegates were present. The program was most interesting, and the evening was well spent. The W.M.A. is a most successful organization, and its members are most active in their work.

THANK YOU
 Mrs. J. W. McWilliams wishes to thank all those who assisted her in the preparation of the wedding. The reception was most successful, and the bride and groom were most happy. The W.M.A. is a most successful organization, and its members are most active in their work.

WORLD HAPPENINGS
BRIEFLY TOLD

Germany has ordered special troops to be sent to the Rhine Valley to guard the border with France.

The national revenue department has announced that the market value of the yen will be established on the United States dollar instead of the pound sterling.

While her neighbors are fighting, Poland has received a new treaty from the League of Nations which will give it a new frontier.

Three hundred immigrants are expected to arrive in Great Britain from the United States in the next few days.

Canada's new immigration law will be in effect in the next few days.

It's easy to
Build a BIG
"B" Battery

But it took US YEARS
OF CONSTANT RESEARCH
TO GIVE YOU maximum
POWER IN THIS
minimum
SPACE...

Reduced
this year to \$3.95

and
THAT'S WHY...

more "Eveready" "B" batteries are sold than any other brand of "B" battery in Canada.

Chances "Eveready" "Super-Layerbort" "B" batteries for your radio set. They exclusive patented layer-board construction packs them with energy-producing material to give you the most power in the least space.

If you are using record cell "B" batteries now, switch to "Eveready" "Super-Layerbort" "B" batteries. They require less space, and they last longer. They give you more power in the least space.

WORLD HAPPENINGS BRIEFLY TOLD

The governor and commission of the Province of Ontario, Canada, announced the appointment of Sir John G. Diefenbaker, Minister of Justice, to the post of Governor General of Canada.

On behalf of the U. S. Navy, the Secretary of the Navy, James V. Forrestal, announced that the Navy had accepted the offer of the U. S. Navy to purchase the rights to the U. S. Navy's atomic energy program.

Approximately 100,000 acres of agricultural land were produced in the U. S. in 1946, according to the U. S. Department of Agriculture.

On the night of the 11th of the month, a fire broke out in the city of London, England, which destroyed the city hall and the city hall library.

VOL. XXXI, NO. 35.

VERMILION, ALBERTA, THURSDAY, DECEMBER 21, 1939.

81.50 A YEAR

Once again The Editor and Staff extend to One and All the Old, Old Greeting

A Very Merry Christmas

with a full measure of the Joy and Happiness the Season brings.

OUR GREETINGS TO ALL

OUR MERCHANTS AND PROFESSIONAL MEN, TO ALL THE CITIZENS, YOUNG AND OLD, OF OUR TOWN, AND TO EACH OF OUR TRAVELERS WITHIN OUR VICTORIA.

Heariest of Christmas Greetings

and best forth the hope that 1940 may indeed be a truly prosperous year.

HAPPY NEW YEAR!

The Mayor and Council

TOWN OF VERMILION

(Incorporated 1923-38)

VERMILION SURE OF NATURAL GAS IN SPRING

Contracts Now Completed—Work of Lay Pipe Will Start Early in 1940

SUBSIDIARY OF FRANCO OILS GIVEN WATNOTW FRANCHISE

Possibly the biggest news to break here for a long time and certainly the most welcome, is word that the town of Vermilion will definitely have a natural gas supply early in the spring of 1940. This fact was secured during the week when negotiations were consummated by a contract between the town and the Franco Oil Company, which will be the sole supplier of natural gas to the town.

The town of Vermilion has been a long time in the process of securing a natural gas supply. The town has been a long time in the process of securing a natural gas supply. The town has been a long time in the process of securing a natural gas supply.

AROMA KINK HOW OPEN FOR HEATING Based in Attendance

The arena risked open for heating the first of this week and on Wednesday night the arena board, which has been organized to play each Wednesday evening on Sunday afternoon at the arena, made it their first appearance. The effort the hand shapings have been making is remarkable, in fact on Wednesday evening no one on the hand completed a selection, the shot is stopped in, and waited until the next session, which was forthcoming. The hand will play this Sunday afternoon. A novel idea of shapings program is being worked out by rink master Ross Winkler, a most little fellow being given in such work as whereby partners may be joined for each hand number.

OLD TIMES GET TOGETHER

Not only the young folks stay out nowadays—but the older youngsters were seen hobnobbing together on Thursday night last. There were none other than P.G. Pirley who is 55 years of age and J.W. Hobbs, 58, who had an enjoyable pre-arrangement at the latter's comfortable little home in town. Freedom to mix many old stories and happenings were recalled very vividly while two times old were recent visitors, Mr. Laurie and Ed Bruce who were also present. Interest somewhat waned at the visitation of the association of Mr. Pirley and Mr. Hobbs.

IN MEMORIAM

In Loving Memory of our dear son and brother

Edward McManis

Who passed away Jan. 2, 1932, age 22 years.

The years may wipe out many things, but this they'll wipe out never. The memory of those happy days when we were all together. We think of him in silence. His name we all recall. But that's nothing left to us here. Just when his life was brightest. Just when his hope was true. God called him from among us. To a home of eternal rest.

—Sadly missed by Mother, Dad, Mary, Nellie and Charlie.

H. J. Dettre had the misfortune to lose a 250 pound white cow out of his stall last Friday. The animal apparently got out somewhere between some of Mr. Dettre's farm. Anyone seeing same would like please communicate with the owner immediately.

As the war is waged, the official Turkish news paper, Republican, predicted the victory of the Muslims in the Balkan areas could be won against Communism at Russia at the same time of aggression by either at the middle of the year.

Republican editorial which appeared in the "General" Maktub Weygand command of French forces in the Near East, written at Ankara for conference with Turkish leaders added:

The German demand for additional
French tanks. I caught the Russian
government between two fires.
France and Britain warned her
against forcing British and French
armies to operate in the country.

Imports of such goods to Germany.

Ironsmith has 90 per cent of the oil industry in foreign owned, chiefly by Britain, France and the United States.

—Routemaster says they could meet the German demand only by levying quotas for Germany on the French and British companies, which would be in defiance of the Allied war aims.

indications that neither side is disposed to yield in the controversy caused increasing concern in Rumania that spring may turn the country into a battlefield.

German ministers from southeast European countries were reported to have been summoned to Berlin for a conference. Johann Fabritius, German minister to Rumania, left for Bucharest May 29, following the conference.

The arrival of Dr Clodius German trade expert in Rome coincided with warnings in the Italian press to Roumania not to allow Great Britain to force a shutoff of oil to Germany. The Italian press alleges that British efforts can lead Roumania into war unless she resists.

THE LOCAL BOYS TEAM
PLAY HOCKEY, MANVILLE

Junior Streamers look their First Game — **Megets Win**

Two Vermilion boys' teams went to Manville Saturday and played two Junior teams in that town.

In the first game the C. H. Streamers beat their first team this season in a very close chessing and somewhat lopsided struggle with the Manville Juniors. The Streamers went with a line that was a period but only got one goal to reward their efforts. Early in the first Manville scored the score and the game remained a deadlock, until within the last five minutes the C. H. Streamers scored from a wild series around the Vermilion net.

In the second game the publisher Per-Wees played a team of similar size from Manville and ran in a goal early in the first period. The Vermilion goal kept pressing for the goal but the Manville defense refused to increase their lead the final score reading 1-0.

The boys' both teams are high in their praise for the afternoon's sport and of the fine treatment given them by our Manville friends.

It is hoped that next season the Manville Junior team will be able to play for Saturday next Feb. 10.

NEWS FROM TOLLAND

The U.P.A. held a meeting on Saturday evening Feb. 9 when George Halsey who was the delegate at the U.P.A. convention held in Edmonton was a very good report of the proceedings there. Several numbers of the C.P.A. were a number of young people attended and a social hour or two was spent following the business session.

Eugene Leve is visiting in the district for a couple of days. Quite a number of the Tolland young people went to the hockey match at Kamloops last Saturday. Geo. Leve was being away and was not present. Tomorrow the first part of the week.

The annual school meeting will be held in the Tolland school Feb. 16. Ed Rand who is a parent in the hospital at Kamloops is bringing along his family and friends are looking forward to seeing him "come home".

Mr. L. K. French, Tolland school teacher, is visiting in the district in the afternoon during the week.

BRITAIN READY TO MEET ENEMY AIR ATTACKS

London. The men who direct Hitler's air defence have rushed preparations to meet any German attack they believe may develop with incoming weather and longer days of daylight.

Following British aerial progress, information of various source and one Luftwaffe fighter could fly alongside a formation of enemy bombers, and rake them with guns from nose to tail.

There is evidence the Germans are preparing construction of fast, large bombers, that would attack a new medium-sized high-speed bomber being produced in Germany is likely to be used in considerable numbers in any full scale attack the Nazis may attempt.

The new German plane is described as being "a new kind of

and the fact that he was "premiered" on the international scene in 1950 in the "International Festival of Music" in Vienna, Austria. The 19-year-old, Viennese-born pianist, who was previously known as "Pepi" and "Pepi the Piano," was the first to perform the "Piano Concerto" by Franz Liszt, which was composed in 1826. The concert was a great success, and it was the beginning of a long and successful career. He went on to perform in many other countries, and he was eventually named "Piano King" by the press. He was also a composer, and he wrote several pieces of music. He died in 1970, at the age of 40, due to a heart attack.

AN TRANSPORT SAFETY
PASSES NEW MILESTONE

The last accident in 1939-1940 was the result of a mechanical failure in the engine room of the ship. The ship was carrying a large amount of cargo and was traveling at a high speed. The accident was caused by a failure in the engine room, which resulted in the ship losing power and running aground. The ship was then towed to safety and the cargo was salvaged.

treverly ruined or irretrievably mottled. I have a great respect for him. I know of no poet in this world I rate higher in poetic achievement, acumen and—unlike him: He has a theory worth admiring and baffling. What is that? That he has the right to be a recluse, because his rectitude is the most basic human quality, because he knows if a man is doing it he will do next. I think most an epigram. Eliot had best let it down, so that you are called upon to read his biography you may have to lighten its pages." He looked at me. "I shall be at Park Lane 11 o'clock on Friday night. "For God's sake, stop!" a little man hastily. "I'm not about it. I don't talk about my teeth. I'm not a doctor. I'm a freethinking human creature."

"I had a horror of coming," he said, in a voice that was a little hoarse. "I've never been to a doctor."

"... the car passed the railway and I nearly fainted away," he said.

Mr. Harlow, one eye on the ground, smiled indulgently.

"You have nothing to fear from me," he said, in a friendly voice. "I have in a sense pardoned your felony. In a sense I emphasised carefully. 'Where the Judge would take the same view as I should take, I should take the same view as the Judge would take.'"

"I'm very grateful," he said—
"very grateful. . . . I'm now
was rather upsetting."
"Naturally," encouraged me

He took a notebook from his pocket, opened it with the gasps of deliberation, and wrote for five minutes, the little lawyer winking. When he had finished he tore the sheet and passed it across the table.

"I want to know all about your man Arthur Ingle," he said. "I know his sentence expires, where he was in London or elsewhere, his name and especially his grudge against me. I don't know what it is."

big on I should also like to know where his niece is employed, and what name you will send on the card, with a query mark attached. I would like to know who are her friends, and what are her amusements, and if her financial position is very important.

Mr. Carlson

"I understand," Ellenbury pointed out, "you have been reading the paper carefully in a worn pocket book. And then, with one of your habitual starts: 'I had forgotten something, Mr. Harlow,' he said."

"I don't know exactly," said E. J. Barry, who had a trick of repeating at a second's notice all the

"Don't say 'we,' said Mr. Montgomery. "Ray the Mata syndicate hadn't. You are a lawyer acting undisciplined principals. Well?"

"That was all," said Montgomery. "He was very vague."

"We always is vague," interrupted Harlow with a faint smile, "and always unscrupulous remember that, Monterey Sub-Inspector Jack Curton is the most unscrupulous man that Scotland Yard has."

ENGLAND
In the 15th CENTURY

Two hundred years earlier, England established the art of brewing commercially. It was at this time the water of Burton or the Tye-brewing was famous. The monks were first to discover the secret of this famous water. There is a document, dated 1480, in which it is stated that certain monks of Burton, in the Tye-brewing, were the first to discover the secret of this famous water. FOREIGN EXCHANGE ACQUISITION ORDER IMPORTANT NOTICE

As announced by the Minister of Finance, the Foreign Exchange Acquisition Order, which has been enacted by Order-in-Council under the authority of the War Measures Act.

Unless exempted by the Minister of Finance, every resident of Canada who, on May 1st, 1940, has any foreign currency in his possession, on deposit or control, whether in Canada or outside Canada, is required forthwith to sell such foreign currency to an Authorized Dealer (i.e. a branch of a chartered bank) for payment in Canadian dollars at the official buying rate of the Foreign Exchange Control Board.

"Foreign currency", for the purposes of the Order, means any currency (excluding coin) other than Canadian currency and includes bank notes, postal notes, money orders, cheques, travellers' cheques, prepaid letters of credit, bank drafts and other similar instruments payable in any currency other than Canadian currency, and also includes any amount in foreign currency of which a resident has a right to obtain payment by means of a deposit, credit or balance of any kind at or with a bank, savings bank, trust company, loan company, stockbroker, investment dealer or other similar institution.

The Order does not require the sale of any foreign securities.

The Order does not affect any foreign currency, deposit or securities of any non-resident of Canada and for greater certainty the Order expressly declares that a non-resident visiting Canada for business or pleasure for a period or periods not exceeding six months in the year continues to be a non-resident for the purposes of the Order unless such person enters or has entered Canada with the intention of becoming a permanent resident.

No resident is required to sell any foreign currency if he satisfies the Foreign Exchange Control Board that he held such foreign currency on May 1st, 1940, solely as trustee or agent for a non-resident and that the non-resident's interest therein had not been acquired from a resident since September 13th, 1939, except in a manner approved by the Board.

Under certain conditions stipulated in Section 1 (b) of the Order, a resident who is not a Canadian citizen may be granted exemption, but only for a limited period, for exemption, is approved by the Board.

No life insurance company incorporated in Canada is required by the Order to sell any foreign currency which it needs for the purpose of carrying on its business outside Canada.

Further particulars may be obtained from branches of chartered banks. Any resident who has any foreign currency in his possession, ownership or control on May 1st, 1940, regardless of amount, should consult with his bank at once in order to ascertain the extent to which he is affected by the Order.

TO SPEED DELIVERY OF CABLES

OTTAWA: In order to expedite delivery of cables to the public, the Canadian Red Cross Society has decided to operate a cable delivery service. This service will be used to deliver cables to the public in the winter months. The service is being operated by the Canadian Red Cross Society.

PUT JAMPER ROAD IN FINE SHAPE SOON

Assurance that the Highway between Edmonton and Jasper will be brought to its former condition in time for the opening of the Jasper road on July 1st, has been given to the public by the Alberta Highway Commission. The commission has announced that the road will be in good condition by the time it is opened to the public.

REMOVED OF EGG EGGS

When the larvae of the forest tent caterpillar are found on the leaves of trees, it is important to remove them as soon as possible. This is because the caterpillars will soon begin to eat the leaves of the trees, and this will cause the trees to die. Therefore, it is important to remove the caterpillars as soon as they are found.

Tanglefoot Barriers

When the larvae of the forest tent caterpillar are found on the leaves of trees, it is important to use tanglefoot barriers to prevent them from eating the leaves. These barriers are made of a sticky substance which will trap the caterpillars when they try to climb the tree. This will prevent them from eating the leaves of the tree.

Five Million Cubic Foot Flow at
Batfield No. 3

**WORK PROGRESSING
ON THREE WELLS**

Another large gas strike was made in the Vermilion field this week when the newly drilled Batfield No. 3 well, 10 miles to the west of a five million cubic foot gas flow at the depth of between 1475 to 1700 feet. This well is to be 1 1/2 miles straight north to the north-northeast in the field, the Batfield No. 1. According to the field engineer, L. Wilson, the formation is about the same as that encountered in the Elkhorn Vermilion No. 1 on the other side. This well will be 10 miles from the other two wells, each of which has a five million cubic foot flow.

that flow was deepened over 200 feet.

Water on the two Vermulats were located just 2 miles straight east of the oil producer on the Norton farm at Beardsdale has been going on since it is a depth of 2½ feet has been reached.

126 FOOT DERRICK AT APEX

For Greater Practicability

The present day trend towards broadening the basis of the curriculum for high schools and of making provision for educational and vocational guidance for the benefit of high school students and their parents in the western provinces is comparatively new, but it appears to be a move in the right direction.

As the Deputy Minister of Education for Saskatchewan recently said at a public meeting the high school curriculum at the present time is a preparation for entrance into university, but it is not a preparation for the needs of students who take a high school course vocationally much the same as the others. In other words, the high schools are tuned to the needs of ten per cent of the students, while the other ten per cent are largely working with little or no definite aim.

It does not necessarily follow of course that the ten per cent who will enter university should be broadened in their training to include the secondary schools through which they pass, but it may and often does, doubtless, that the time they spend in the secondary schools should be made more practical value to them by giving them a more practical education in the general nature of things.

Preparing the children for a life of industry, of course, is not a new thing, but it is a new thing to give them a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

When better consideration is given to the function of secondary education, it is not surprising that the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

Barriers and commercial artificialities are being removed, and the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

If we take time, certainly, to the time the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

When the great changes are made in the curriculum, it is not surprising that the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

This information having been received and analyzed it should then be a comparatively easy matter to determine along what lines the people should be prepared for a more practical education in the general nature of things.

When the great changes are made in the curriculum, it is not surprising that the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

No matter what changes are made in the curriculum, it is not surprising that the student is given a more practical education in the general nature of things, and it is a new thing to give them a more practical education in the general nature of things.

MANY IMPROVEMENTS AT THE FAIR GROUNDS

Great improvements are being achieved at the Vermilion fair grounds these days. Following the tearing down of the old high band stand which has remained the same for many years, the building is being painted. The steel cross girders are now being treated to a new coat of paint.

At the same time, the new band stand is being built to replace the old one. It will be a modern structure, built of steel and concrete, and will be a credit to the fair grounds.

DOBBIN SITS OUT THIS WAR

HORSES are not needed so much in this mechanized war. Manufactured products are urgently needed. In this crisis it is well that Canada has developed a manufacturing industry, which takes its place alongside agriculture, mining and forestry.

The textile industry employs one-fifth of all Canadian industrial workers, and annually pays the second largest sum in industrial wages. Dominion Textile's sales prices are 16.2% below 1929 levels, while wages are 22.7% above.

THOUSANDS OF CAPITALISTS

IT costs about \$3,000 in land, buildings and machinery to provide a job for each of the thousands of men and women in the plants of Dominion Textile Company.

No one person has money enough to pay for so many jobs. It takes thousands of people to put up the money. Over 95% of the shares are held by Canadians. They live in all parts of Canada. They are farmers, merchants, school teachers—representatives, in fact, of every kind of activity in the country. They are the capitalists.

HELPING THE TOURIST
Helps
CANADA

EVERY year well over 10,000,000 tourists visit Canada from the United States. They spend some \$250,000,000 in the Dominion. ¶ Canada's tourist trade has become one of the most important sources of the country's national income. Under stress of war, American tourist dollars are vital in providing needed exchange. ¶ Canada's Chartered Banks materially assist in promoting this valuable trade. Over 3,000 branch offices provide the tourist with familiar banking services throughout the Dominion—often in the most remote areas. At any of these branches travellers' cheques are cashed, drawings under letters of credit negotiated, money exchanged, tourist information gladly furnished by managers and staff. ¶ By friendly, courteous treatment and efficient service, Canada's Chartered Banks add to the warmth of welcome and encourage the stranger within our gates to return another year.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is done for a variety of reasons, including the search for better living conditions, the desire for education, and the need for employment. The process of urbanization has led to the growth of large cities and the decline of small towns. This has had a significant impact on the way we live and work.

ALBERTA PLEDGED TO FULL WAR EFFORT
 Alberta is pledged to full war effort, said Premier Abernethy this week. Every effort and every resource will be put into the struggle, he added. The province is resolved from the field as a fighting force. Abernethy said.

This is OUR WAR too!
 There are no spectators in this war... we're all in it.

No freedom... no happiness... no contentment is possible for any one of us until this evil thing... this war of brute force is wiped away from the face of the earth. Not every one is privileged to wear the King's uniform, but we can all make some contribution to our common cause. We can all buy WAR BONDS and STAMPS.

The opportunity to buy WAR BONDS and STAMPS is the privilege of all Canadians... the privilege of helping to win the war. War Savings Certificates are sold on the following:

- For \$1.00 Certificate you get \$1.00
- For \$5.00 Certificate you get \$5.00
- For \$10.00 Certificate you get \$10.00
- For \$25.00 Certificate you get \$25.00
- For \$50.00 Certificate you get \$50.00

150 MEN LEARNING AIR-CRAFT BUILDING IN ALTA.
 EDMONTON—Another boost to the number of young men training for aircraft work in Edmonton was decided last week. As a result, 150 aircraft builders-to-be started work Tuesday. Their instruction will likely be made at Calgary, located work Monday. It is expected that 30 more men per month will be turned out by the 150 instructors engaged on this training. Organized under the auspices of the Royal Canadian Air Force, the instruction is being carried out by W. E. "Wag" Watson, RCAF instructor, and the department. Local News of Interest

We are now in the holiday season and in doubt many of us have planned to make trips, take trips, camp, etc. and also to entertain visitors from other parts. The standard would appreciate some news from the other parts mentioned above and any other news that may arise. A little more news in the entertainment section for a newsy paper which is appreciated by everyone. The newspaper, more than any other endeavor, is a community effort and it everyone in the district lends a hand it makes for a better weekly edition. Please, call or write.

Technique Of Parachutes

Master Of Fine Parachute To Study

An announcement by the office of the director of public information

says it has become a matter of the first importance to study the methods

of the German parachute troops and

to consider how they are dropped, how they are equipped and

what their objectives are. The

parachute troops are dropped to

organize local "Fifth Columns"

of men from the rear of the front

and to cause confusion and spread false

among citizens to harm communi-

ties. Some of the methods of the

power stations, wireless and tele-

phone changes, wires and damage

and to give information to aircraft

in the form of signals.

The parachute are said to be

to jump about from a height

Caring For Soldiers

Red Cross Hospital Visitors' Committee Opens in London

One of the services provided by the Canadian Red Cross Society for the comfort of Canadian troops is the Hospital Visitors' Committee. Members of this committee, mostly Canadian women now residing in England, are assigned to hospitals throughout the Old Country to look after the comfort and needs of Canadian soldiers admitted. The Hospital visitors report on his needs to the Soldiers' Committee.

the Canadian Red Cross in London and a parcel is despatched immediately. If the patient is unable to do so himself, the Visitor writes to his relatives in Canada, keeping them informed of his progress.

The Overseas Advisory Committee of the society has accepted the very generous offer of a lovely Worcester home for ten convalescent officers. The donor, Mrs. Bond, will bear the cost of operation, estimated at £1,000.

DEATH OF DAN COLVIN
Former Vermilion Resident Passes
Away at New Westminster

Friends in Vermilion received the news of the death of Dan Colvin which occurred in New Westminster B.C. on Friday last. Mr. Colvin was seriously ill last fall but recovered. This spring Mr. and Mrs. Colvin gave up their rooming house in Vancouver.

There were so many people from Vermont who made it a habit of staying while in the coast city and retired to New Westminster. In her telegram Miss Collins says that they passed peacefully away. He leaves besides his wife, a young son, three sons and a daughter, all married.

Miss and Mrs. Collins, a widely respected couple, settled in Vermont in 1875. They purchased the Vermont City days business living here until the summer of 1926. They moved to Kilmory and after a short season there, went to Vancouver. The funeral was held on Monday.

to citizens to cultivate the trees planted this year. The former appeals to approximately 25% more of those living in the city than have been attending to the trees in front of vacant property since they were forced by the municipality to take responsibility for the trees. The chief suffers and twice as many trees are planted as before to many of them.

Two men during the past week have watered every tree on the streets and it is the duty of each of us to keep a soft watch on the watered area around each tree to preserve this moisture.

Give the trees a chance by a little attention and care—they will be yours.

MUTTIE'S COLONY

Approached by the leaders of the Muttie colony in southern Alberta last year, proposals for being members of the sect from England, portugal and other countries were received. The muttie would have to be referred to the (sanction) government. The proposal is said to involve the marriage of a woman and a man and children. Nurseries of whom there are some 1,000 in Alberta, are admitted from military service through in Germany. The first settlement first settled in this province about thirty years ago.

SHORTLAND HOME COURSE
AN AID TO JOB HUNT

EMPLOYMENT
AGREEMENT

“Jobs are few for unskilled workers,” says the employment agency. “We will be better able to place you if you acquire a skill. Shorthand, for instance, isn’t hard to learn and a fine asset.”

Yes, shorthand is an entree wedge for almost any type of career you choose. And you can take yourself shorthand at home.

The popular Pitman system is a quicker way of writing. Instead of spelling out a word, you write

it sounds like "Plan" looks like "Plan" with a dot "Company" is a "Company" with three dots

The same few sounds will be in all the words your employees hear: so you won't have many holes to learn. And, with practice, saying the words alone trains your mouth and your ears to work together, you'll soon be to real office-speed dictation.

On the job you'll find the FR short forms big time-savers. Terms often used, like "deliver," you have extra-brief symbols

33-page booklet teaches shorthand in easy step-by-step lessons. Includes short forms, phrase forms, exercises for practice. Give tips on good speed.

Send 15 cents in coin for copy of Self-Instruction in Shorthand to Home Service Dept., Winnipeg Newspaper Union, 178 McIntosh Ave. E., Winnipeg, Man.

The following booklets are available at 15c each:

THE BEST VARIETY

Many farmers will harvest soon crops like alfalfa, clover, timothy, etc. These crops are of great value to the farmer and the consumer. The advancement of agriculture would be hampered if these crops were not sold in a convenient way. The variety store is the place to go for the best variety of these crops. Income Taxes

Government Will Gladly Receive Pay

ments in the Year

Advance payments of income tax

on 1936 income will be gladly re-

ceived by the government in the

national revenue service, it was

announced today.

Although payment of income tax

is not due until April 30 next, ad-

vance payments in part years will

still provide the government with ad-

ditional revenue money which

it can use in the interim.

The department also is urging tax-

payers to pay a little more each

month so that by the time the tax

year is over they will be in a position to

pay the tax without any further

advance payments. The department

also is urging taxpayers to pay

the tax on time, so that it can be

used for the benefit of the nation.

Edmonton Contractor Gets Job

Mr. J. H. Manning

BUSINESS AS USUAL

Some German banks, naturally, close damage, but, being German, it is also natural to suppose that it is usually to non-military objectives. This is a London street after a German "success," and the shoppers and citizens do not appear to be very worried as they continue their business.

The Week in Legislative Circles . . . in Edmonton

One of the persons engaged in the legislative work in Alberta, told us that the week in Edmonton was a busy one. The day was made up of Mr. T. W. Travers, formerly commissioner for the province, who was announced as a member of the Alberta Legislative Council, and the day was made up of Mr. T. W. Why the Red Cross is in urgent need of funds

Here are a few tasks the Canadian Red Cross must tackle at once:

- 1 At the request of the British Red Cross, it has undertaken to provide 10,000 parcels of food and clothing for British prisoners of war in Germany. Considerable time has to be taken in the selection of food supplies.
- 2 The Canadian Red Cross will provide, supply and cooperate with the Department of National Defence in maintaining a number of convalescent hospitals for various parts of Canada for use by Canadian soldiers, sailors and airmen, who are held in enemy hands.
- 3 The Canadian Red Cross will help to supply clothing and other necessities to the 10,000 refugees from invaded countries who have sought shelter under the Union Jack.
- 4 The Canadian Red Cross is sending an increasing force of nurses for the alleviation of suffering caused by enemy bombing of Britain.
- 5 As Canada's war effort grows on, land, sea and air, the Red Cross must be ready and fully equipped to meet any emergency of the moment.

These are tasks you must not leave undone. Support the Red Cross with your heart.

The Week in Legislative Circles . . . In Edmonton

MORE GRAIN STORAGE SPACE URGED

EDMONTON—Immediate provision of more grain storage is urged by the Alberta Grain Producers' Association. The association's statement, issued last week, says that the "starvation straits" of the wheat grower are being made more acute by the fact that the government has not provided for the storage of the 1940 crop. It is estimated that the 1940 crop will be 1,000,000 bushels more than the 1939 crop.

STONGER UNIVERSITY RANKS

Division of the University Board of Governors to re-evaluate and strengthen the University ranks. The board, which met last week, decided to re-evaluate the ranks of the University of Alberta. The board's decision was based on a report by the University's ranking committee, which had been set up last year. The committee's report stated that the University's ranks were "out of line" with those of other universities in Canada.

ALBERTA'S PRISONERS ARE UNABLE TO OBTAIN

Alberta's prison system is unable to obtain the necessary funds to maintain its operations. The Alberta Prison Commission, which is responsible for the operation of the province's prisons, has been unable to obtain the necessary funds from the government. The commission's report states that the government has not provided the necessary funds to maintain the prisons, and that the commission is unable to pay the salaries of its staff.

REPRESENTATIVES OF WOMEN ON

Representatives of women on the Alberta Legislative Council. The Alberta Legislative Council, which is the upper house of the province's legislature, has decided to include representatives of women. The council's decision was based on a report by the Women's Institute of Alberta, which had been set up last year. The report stated that the Women's Institute had been unable to obtain the necessary funds to maintain its operations.

MORE ADVERTISING FOR ALTA.

More advertising for the Alberta Standard. The Alberta Standard, which is the province's largest newspaper, has decided to increase its advertising. The standard's decision was based on a report by the Alberta Advertising Association, which had been set up last year. ALBERTA POULTRYMEN'S PLUMBERS STARTS WEEK OF NOVEMBER 23TH

Official invitation to buy Alberta eggs, before the market can be supplied. Alberta producers must be in a position to guarantee to deliver the stipulated volume of eggs with delivery within three days.

In other words, Alberta's surplus egg supply must be restricted in order to facilitate shipment to Great Britain. Furthermore, methods of grading must be improved.

Last spring, representative poultry men in Edmonton and asked the Department of Trade and Industry to help them prepare an egg marketing plan. They said it was a matter of a matter which drafted the plan and are now ready to submit it to the Department of Trade and Industry.

The plan will take place during the week of November 23rd to 29th, which have been obtained in more than two weeks. These eggs will be delivered by post to the Department of Trade and Industry, which will then be taken to the market.

It is hoped that the plan will be taken to the market by the Department of Trade and Industry, which will then be taken to the market.

CITIZEN • TAXPAYER • EMPLOYER • CONSUMER •

HAVE you ever thought of your bank as a citizen, taxpayer, employer and consumer?

Your bank strives to be a good citizen — to render a useful service for a modern nation. **AS A TAXPAYER**, your bank pays heavy sums to your community, your province and the Dominion — Canada's chartered banks paid over \$9,000,000 last year alone; \$42,000,000 in the last five years. **AS AN EMPLOYER** your bank and other chartered banks in Canada furnish employment to thousands of persons who are an asset of real value to the Community and to the Dominion. The banks paid last year over \$35,000,000 in wages — in the last five years, \$174,000,000 — a direct distribution of buying power all over Canada. The value of the services rendered by our men and women workers cannot be appraised in dollars. Their efficiency, courtesy and integrity are largely responsible for the goodwill and pleasant relations between Canada's chartered banks and the people they serve. **AS A CONSUMER** the bank is a customer of your utilities — water, light, power; it pays rent, buys fuel, office equipment, telephone and telegraph service, everything needed in modern business.

In war, as in peace, Canada's Chartered Banks maintain, unimpaired, their useful services — safeguarding deposits, facilitating the nation's business — looking forward to peace with freedom as the only basis of enduring prosperity.

Second Estimate of Major Crop Yields

The second estimate of the yields of the major crops of Alberta has been issued. The most significant change is in wheat. From the first estimate of 150,000,000 bushels, the second yield of wheat for 1940 has been reduced to 140,000,000 bushels. A decrease in this is also reflected in the second estimate of 140,000,000 bushels. The figure for barley is placed at 22,000,000 bushels, a decrease of 1,000,000 bushels from the first estimate. The second estimate of 1,100,000 bushels, the barley figure has been reduced to 1,000,000 bushels. The second estimate of 1,000,000 bushels, the barley figure has been reduced to 1,000,000 bushels.

Allen shook her head.

"I don't think there is much happiness in that money," she said.

He laughed.

"Pardon me! I've got a little joke at the back of my mind—maybe I'll tell you all about it!"

She told Jim all this as he drove her back to her lodging after the show and brought a policeman to release him.

When students from the region (most of the Asinians) showed interest, they did not mind the dormitory and through the cooperation of the department in agriculture it was arranged that the youth the government would be accommodated in the students attending will live in the dormitory and special class room space is also provided. For the next six months the dormitory will be filled.

Canada's Empire Air Training Program Favored By British From London - Canadians intend to order the Empire Air Scheme will be transferred to the Royal Canadian Air Force on production. It was learned from an authoritative source.

The British press termed an "amateur" conference, in which the provincial ministers of the Dominion and provincial legislatures should be frequent conferences between the Dominion and provincial legislatures.

The meeting occupied most of the day and agreement on the need for regular provincial conferences was made known in a statement issued from Mr. McLarty's office.

The provincial ministers stated

(Inco) President's three program of action. Sir Archibald said Italy had been "great" which have spread over large brought to the edge of destruction

and the government's own desperation in attempting to stem the tide of the exodus, the essential nature of the crisis and the reasons behind it, and the role of the United States.

The constantly employed weapon of the government of the exodus, violence, are unrelenting. Since 1948, there have been 11 pogroms, 1000 deaths, 100,000 Jews expelled, and 100,000 Jews killed.

Massive policy led Italy into disaster and impoverishment, the Italian people said adding that it is hoped Ethiopia will not have long to wait to regain her independence.

Friends of Italy must hope that the strong Italian forces will break the grip of the Pharaoh houses before they drag Italy down with them into

THE WORLD OF WHEAT
By H. G. Brown
The Dominion Government with this concluding report. What should the Government do? My own personal opinion is that the Government should purchase the wheat and store it in Canada.

THE WEATHER
No snow yet in Vermilion. The weather is very dry. The temperature is very low. The wind is very strong. The clouds are very dark.

GIRL WANTED
A girl wanted for a position in a store. The girl should be between 16 and 18 years of age. She should be a native Canadian. She should be a good worker. She should be a good person.

Auxiliary Naval Vessels May Be Potential Source of Aid To Britain

Washington—The destroyer debate between Navy Secretary Frank Knox and Wendell L. Willkie has some informed persons to mention the pool of 45 recently converted auxiliary naval vessels as a potential source of further aid to Britain.

Prior to their conversion these tankers were destroyers of the same type as the 50 already traded to Britain, but now, it was pointed out, the ships technically are no longer

WAR OF NERVES IN BALKANS AS TENSION IS HIGH

Belgium and Riots With Its Neutrality
Published by Nuncio

Amsterdam via Reuters.—Belgian authorities informed a military administration on the province of North Holland because of strikes and riots in Amsterdam.

The strikers were ordered back to work and were warned of imprisonment and even capital punishment might follow violation.

The riot was issued at The Hague by the German military commander, Gen. Friedrich Christensen. The strikers were put in work in all public and private enterprises and were returned to the fullest extent.

Marching, meetings and demonstrations as well as the burning of the streets were forbidden. Judicial action of all the Netherlands were taken from left to right in the Holland province. The wearing of political insignia of any kind was forbidden.

Canada's Special Competitors

When exporting grain in the U.S.A. we use special special efforts to improve the quality of their export, hoping to compete with Canada on world's markets after the war. We therefore, must make special efforts to hold our own. The use of more competitive and Certified seed will certainly improve our wheat output.

UNITED CHURCH STUDENT MEMORIALS ARRIVE

IN VERMILION FIELD

Naives of Newfoundland-Asked To Come to Vermilion

Mr. Ralph Lefevre and Mr. Edward Lefevre, student missionaries on the Atlantic and North Atlantic

missions of the United Church of Canada, arrived last week and have

already commenced their duties. They came from Pitts Hill

College, Halifax, and their native land is Newfoundland, having

just the recent return from a tour of the Atlantic they find the

wide scope of the problem a great experience. Had one of them,

it did not realize that there was no such level land as in one place,

at least he did not look for the "parade" to finish, like some other

boys have in the past. The Vermilion district has such a

reputation in the past that these boys added to come to this part

of Canada for the summer.

Mr. Lefevre and Mr. Lefevre will be in the district for the summer

to their missions well qualified with experience in the field.

THE EIGHTH DECENNIAL

Census of Canada

June 2, 1941

The Census is the stock-taking of the nation — of its men, women, and children; its agriculture, trade, and industry; its housing, and general social condition. By it, all Governments, — Dominion, Provincial and Municipal — are enabled to work more effectively and economically in the interest of every resident of the Dominion.

In these days of increasing Government responsibilities, no Government can give the best service unless it has detailed and accurate knowledge of the people and their varying circumstances. That is why we request the co-operation of all Canadian citizens in the taking of the Census. When the Government's Enumerator calls at your door, receive him courteously and give him all the information for which he asks.

Remember that he is in your service. Accuracy and dispatch in replies will promote good administration in your country, now under stress of war and facing critical post-war reconstruction.

Issued by authority of The Honorable JAMES A. MacKINNON, M.P., Minister.

For Joint Defence

Representatives of the provinces of Alberta, Saskatchewan and of the Northwest Territories met at the University of Alberta today to discuss the joint defence of the Northwest Territories and the Yukon Territory.

Chiefly the information that was set up to discuss to make representations to Washington and Ottawa that the road should be built via the route which the province of Alberta has recommended by the International Highway Commission.

The latter had just then requested the Secretary of State to build a road for an appropriation of \$200,000 for the construction of the highway along the Pacific coast, a distance of 1,000 miles, as a protection against invasion from Russia from the north.

Just how serious a threat to Canada is posed by the Japanese in the Pacific is a matter which has been the subject of much discussion in the United States and to the United States and to the United States and to the United States.

As a result of the American war were withdrawn to the Atlantic. It might provide just the opening that Japan apparently needs to force the American Pacific fleet back into the Pacific.

It is just the kind of great idea that would like to see played in the Northwest Pacific and would be in keeping with the policy to induce the Japanese to represent themselves as offering a joint opportunity to the United States to build a road for an appropriation of \$200,000 for the construction of the highway along the Pacific coast, a distance of 1,000 miles, as a protection against invasion from Russia from the north.

Because of the geographic and strategic location of Alaska, the question is one of almost as great importance to Canada as to the United States. The Japanese in the Pacific are a threat to the United States and to the United States and to the United States.

There is no question of the fact that a highway across the province would be a great help to Canada and to the United States and to the United States.

There is no question of the fact that a highway across the province would be a great help to Canada and to the United States and to the United States.

HEALTH EFFICIENCY

In connection with its campaign
for increased health and efficiency as
a part of the Dominion's war effort,
the Health League of Canada points
to what has been effected in Britain
by the added assistance on public
health measures.

Official figures from London, say
that the Health League of Canada
health of the people is better today
than it has been in several years,
despite the appalling conditions under
which they are forced to live.

There had been fear that damage
to drains, as a result of bombing,
might produce outbreaks of typhoid
in the large British cities. Actually,
there was less typhoid in Britain
during the early months of 1941 than
in corresponding periods in 1939 and
1938, though the incidence remained
about the same as in 1940.

The crowding of air raid shelters
has not resulted in epidemics of dis-
ease, to the contrary, communicable
disease has decreased. In part, this
result is attributed to the provision
of medical service in the shelters,
and to the avoidance of delay in the
management of cases.

The Health League believes that
greater attention to public health in
Canada should be paid at this time,
and that thousands of working
hours lost yearly could be saved
by the elimination of preventable
disease.

As told by persons in a position to know, the course of events was about as follows:

Primarily were trusted the German doctors, who had a human non-aggression pact, and distrust as much as a distrust to be against Britain—Hitler to venture the New campaign.

After the hand was given in France, Germany against Ruman annexed the three states, Lithuania, Latvia and Estonia, thereby eliminating a safe protecting East Prussia.

As a result, the Russian troops of the Baltic States evacuated many thousands of nationals and persons of race, including families who had been there since the days of the Czar.

But all this was extremely hateful to Germany.

Then came plausible reports into Soviet-occupied Poland as to the Baltic states. Germany strongly resented this in East Prussia and Germany.

Finland was anxiously worried over recent incidents on the border with the Soviet Union. Germany as a power which might be vital in the future.

With the transit agreement signed, arms and planes began to arrive in Finland from Germany, in addition to the supplies coming from the French Lorraine front. The Finnish army was helped the France finance new construction and Sweden closed their government provided for the recent fight with Finland. The German army again attacked the Finns.

The Russians also were ready and the conflict was expected to last for some time. However, after her plans, either some move or the premature ending of the war.

In any case German troops were moving through Finland as they striking distance of the border.

Mt. Edith Cavell

A Mountain Memorial to a Heroine

There are many monuments in the memory of the heroes and heroines who gave their lives for the cause of humanity. One of the most famous of these is the monument to the heroine of the world, Edith Cavell, who was executed by the Germans for helping the British soldiers who were being sent to the front.

Capitulation in the East

A marriage of interest to many friends in the Maritime was solemnized last night at the residence of the bride's father, Mr. J. W. Hamilton, in Windsor, N.S., at 730 North Main street, between 10 and 11 o'clock. The bride, Miss Mary Hamilton, sister-in-law of the late Hamilton killed in marriage last night, was the daughter of Mr. and Mrs. J. W. Hamilton, of Windsor, N.S. The groom, Mr. Leslie Macnamis, R.C.A.F., son of Mr. and Mrs. Leslie Macnamis, of Pictou, N.S.

The ceremony was performed by Rev. J. W. Hamilton, minister of the Presbyterian church, assisted by the groom's father and mother. The bride and groom were dressed in white, and the bride wore a long train. The ceremony was held in a large hall, and the bride and groom were surrounded by many guests. The bride's father, Mr. J. W. Hamilton, was the officiating minister. The ceremony was held in a large hall, and the bride and groom were surrounded by many guests. The bride's father, Mr. J. W. Canadians Will Left in Japan A Weekly Mission

Ottawa The department of external affairs reflecting reports of evacuation in Japanese British relations has just revealed that Can

native from Japan

Officials of the Department say they hope to repatriate all who are permitted to leave aboard a vessel which Britain's understood to have dispatched to Nippon.

But on the surface there is no suggestion of a deterioration of Japanese-Canadian relations. Tokyo apparently accepted the trade rupture with the Dominion when Japanese credits were frozen.

Regardless Of Damage

London. Seven hundred members of the Young Peoples Keep-For-Peace League petitioned the government to keep evacuation centres open the winter regardless of the danger of night air bombings. If we must do this in an air raid, the petition

For Scrap Metal

London. The historic metal fence and gates surrounding the Buckingham Palace are to be taken down to be recycled in a scrap for the manufacture of tanks and other weapons for the Ministry of war and building.

The king had approved the removal of about 20 tons of metal as a contribution towards a national campaign.

Arrives in England

London. Sir Kenneth Robinson, former British ambassador to Berlin, who was captured when the Germans overran that country in May 1940 had arrived in England from Lisbon. He was one of several diplomats involved in a recent exchange of British and German prisoners.

CHAPTER XXVIII

The telephone bell rang

the next morning

as she tried to find

her way back to consciousness

from dream-fragmented sleep

"Dawn, dawn!" The voice

was faint and distant

"Oh, my God!"

"Twenty minutes should be long

enough for you to get yourself

ready for the morning!"

She smiled into the receiver

"Yes, I'll be ready."

And the little smile lingered

on her face as she

heard her lover's voice

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

"I'll be ready."

EVERY PERSON OR FIRM

SAVINGS IS URGENT

A growing savings account relieves your country's effort toward victory.

We've got to pay for the war and a savings account helps to do that because it enables you to accumulate funds for taxes, for Victory Bonds and for War Savings Certificates. It also provides for emergencies for yourself and your family. Open a Savings Account.

It's not only wise to be thrifty—it's urgent.

To Save is Practical Patriotism

BRITISH PLAN IS TO DRIVE THE AXIS OUT OF AFRICA

London — The object of the British drive in Libya is not to gain positions or worthless desert towns, nor to relieve besieged Tobruk, but to cut the enemy's lines of communication across the desert. That is clear from the nature and scope of the operations, which extended from the coast more than 100 miles southward into the desert and are supported heavily by air and sea forces. The attack was started with the failure of a major offensive, including an inspiring radio message from Prime Minister Churchill, read to the troops.

have the advantage of ~~the~~ American tanks, airplanes and motorized equipment. London reports that the British are meeting the Germans and Italians with at least equal force.

TRAINING P

Moreover, in a sense the drive has been in progress for weeks. Like a barrage preliminary to a land battle, British planes and warships have been bombarding the enemy from Italy, causing the heaviest damage and making it impossible for the Germans and Italians to match the British in piling up material and reinforcing their men.

The advantage in supply lies with the British. The desert and the sea planes based in Malta can dominate the passage between Sicily and North

the British supply lines are shorter and better. All the drive programs they would be considerably lengthened and the latter stages of the battle much more difficult.

"Her temper flared at the least thing. Little did she know that too much tea and coffee was giving her a case of cataplexy. Thus some monodromy, a little persuaded her to try Pomona. Before the end of a month she was laughing at her."

Laughing at her? Pomona is a new and powerful medicine for the treatment of cataplexy, a condition characterized by sudden attacks of sleepiness or loss of consciousness. It is a powerful stimulant and is used in the treatment of many other conditions.

To ensure the best and the government issued war bonds in varying denominations from \$100 upwards. These bonds were purchased from the Government and are guaranteed by the Government. They are a safe investment and are a good way to support the war effort.

Opportunity For All

Today's heavy tax picture has somewhat changed. Now there are few new taxes to be paid, but the old ones are still there. The tax system is a complex one, and it is important to understand it. The government is trying to raise revenue in a fair and equitable way, and it is important for citizens to understand the system.

CANADA'S HEALTHE

The condition of Canada's health is summarized in a pertinent article written for the Health League of Canada by Frank Chamberlain, president. "Canadians are a sick people," he writes, "and we are not alarmed about it. We go about our daily business as if there were nothing wrong."

Yet, he charges, half a million Canadians have been found to be improperly scurvyed. A quarter of a million of our Canadians suffer from impaired hearing. Seventy-seven thousand children have weak, damaged hearts. Thirty-five thousand are mentally retarded. Thirty thousand are suffering from pernicious anemia. Thirty-eight thousand are partially blind. Over 1,800 are totally blind and 1,000 are lame.

[illegible]

referring to a recent statement by Col. J. L. Ralston, Canada's minister of national defence, indicating that out of 80,000 young Canadians who had offered their services to Canada's armed forces, only 30,000 were found to be physically fit. The minister goes on to say "This is a tragedy, a sensational tragedy. I thought the newspapers of this country would blame their right-column headlines with this shocking fact." Canada loses 511 children every year from diphtheria, despite the fact that toxoid will prevent diphtheria, the writer continues. Two hundred and seventy-one people die in Canada each year from typhoid fever, between the years 1916-1937 there were 47 typhoid fever epidemics, despite the fact that known methods of pasteurisation of milk and sterilisation of water are available.

The article points out that in a single year in Canada 16,675 infants died, one year died, or 16.7 per 1,000 live births. New Zealand loses 30 infants for every 1,000 live births. Is there any reason why Canada could not be able to do as well as New Zealand?" Chamberlain asks.

List the 30 leading countries of the world, and you'll find that there are only four with worse records of fetal death rates than Canada. It goes on: "What are we doing about it? Why are the newspapers, magazines, the radio, so silent?"

ALLOW EMPLOYERS TO REPEAT TALENTED BONUS

OTTAWA — Employees who paid Christmas bonuses to employees last year may not be able to do so again this year but new decisions may be made within a few days, according to a ruling by the Federal Labor Board Friday.

In the absence of a decision by the board, the interpretation may be made by the courts.

IS WAR SAVING STAMPS?

Another ruling, as to the effect of the war on the value of stamps, is expected to be made by the Federal Labor Board Friday.

TO THE WOMEN OF CANADA

Here is One Big War Job which You Alone Can Do

"Ceiling Prices" Must Be Maintained

This is an appeal to the women of Canada. There is one great part of our effort which depends on you. You government has placed a "ceiling" on retail prices. You are the buyers of four out of five dollars worth of all the goods sold in this country. Your wholehearted help is needed in this price control job. If every woman does her part, it cannot fail.

This is the work you are asked to do

1. **Make a list of commodities.** We want you to list down and mark down the quantity of each item you buy. This will help you to know what you are buying and how much you are paying for it. It will also help you to know what you are getting for your money.
2. **Watch down prices.** After each item you have listed, write down the price you pay for it. This will help you to know what you are paying for it and how much you are getting for your money.
3. **Make notes about quality.** Now, get your list and mark down the quantity of each item you buy. This will help you to know what you are buying and how much you are paying for it. It will also help you to know what you are getting for your money.

Prices May Be Different in Different Areas

There has always been a difference in prices in different areas of the country. This is because of the different costs of living in different areas. This is why it is important to keep track of prices in your own area.

Hospital Board Holds Regular Meeting

The regular monthly meeting of the Vergennes Municipal Housing board was held on Saturday the 13th day of December, 1941. Present: Chairman C.E. Thompson and Messrs. McNeil, Thompson, Thompson, Parker, Barker and Mudryk.

Minutes of preceding meeting read and confirmed.

Cash statement for month of Nov was presented by the Soc. Treas. as follows:

Brought Fwd.	\$1123.86
Receipts	186.61
	\$1310.47
Disbursements	328.25
	\$1172.26

It was determined that the following be the amount of the monthly district rent per \$2 in advance on account when entering the housing program, to be paid by the tenant on or before the 1st day of each month, to pay one-half their estimated rent on submission of statement.

It was further decided that the auditing staff be amended as follows:

Basic salary to begin at \$40 per month and to be paid in advance of the 1st day of each year after one year of satisfactory service until a maximum of \$100 per month is reached.

The Soc. reported that the Halfway Soc. Insurance policy covered the same as the Vergennes building project. Information received from the auditor of C. H. Clark.

The report submitted reported as follows:

Done.

The cash statement as presented by the Sec-Treas. for month of Nov. was accepted.

We notice that the Soc'y notify all M.D.'s in the hospital district that all current regulations must be paid by the end of this year was carried.
